

# Pacific Cruisers

Welcome to the world of relaxing boating holidays on the Southern Broads. We pride ourselves on providing a truly personal level of service and we maintain our boats with great care.

We have been operating for over 20 years offering traditional Broads boating starting from our boatyard in Chedgrave near Loddon on the tranquil Southern Broads. Holiday-makers can benefit from our experience and local knowledge that can make cruising on the Norfolk Broads a memorable and rewarding time for all the family. We provide plenty of helpful information to help you plan your holiday prior to your arrival. And then upon your arrival, you'll receive all the help, advice and tuition you will need until you're ready to take the helm. Once you have left the boatyard, we are always on hand for any questions you may have - leaving you to get on and enjoy your holiday!

We have nine cruisers to choose from, each one with its own unique features and style. We will help you choose the right boat to suit your needs. Family comfort is very important.

Please telephone and speak with either Richard or Fiona who will be happy to guide you through the booking process and help you pick the right boat for you.

We look forward to seeing you.

Fiona, Richard & Crew
